Kaempfer Crowell
510 West Fourth Street
Carson City, NV 89703

Dear Mr. Tackes:

As per our correspondence by way of electronic mail on October 18, 2016, you communicated to me that, one way in which Carson City Public Works may acquire permission to operate a small Unmanned Aircraft System (sUAS)—commonly referred to as a “drone”—within five (5) miles of the Carson City Airport, is to request by letter and receive such permission from the Carson City Airport Authority. *See, e.g.,* NRS 493.109(2). You further indicated that the items of information the letter should contain are: (1) the model of the drone intended to be used; and (2) the licenses of the person(s) who will be operating the sUAS. Please allow this letter to serve as that request on behalf of Carson City Public Works.
