

EXHIBIT B
CONSTRUCTION EXHIBITS

If required by any Federal, State, or local agency, the Tenant shall prepare and submit an environmental Phase I audit. All structures erected, and paved areas on the Airport, shall comply with all applicable County and State building, health, and safety regulations, including, if applicable, any other building, fire, sign, electrical, heating, zoning, and plumbing codes. Architectural design of all structures and paving shall be reviewed and approved by the Carson City Airport Authority.

Tenant shall be required to furnish to the Carson City Airport Authority a copy of a contract between Tenant and a licensed contractor. The contract shall be protected by a performance bond to guarantee that the improvements will be completed according to the existing codes and the improvements will be free from any liens. Tenant shall cause any contract with any contractor, designer or other person providing work, labor or materials to the Premises to include the following clause:

“Contractor agrees on behalf of itself, its subcontractors, suppliers and consultants and their employees, that there is no legal right to file a lien upon City-owned property (Airport), and will not file a mechanic's lien or otherwise assert any claim against City's real estate on account of any work done, labor performed or materials furnished under this contract. Contractor agrees to indemnify, defend and hold the Airport Authority and City harmless from any liens filed upon City's property and shall promptly take all necessary legal action to ensure the removal of any such lien at Contractor's sole cost.”

Tenant is obligated to secure all permits that are necessary and required to construct or develop any building, improvements, and additions upon lease parcel.

1. **CONSTRUCTION ON PREMISES.** Tenant shall comply with all Federal, State, and local laws, ordinances, orders, judgments, decrees, regulations, directives, and requirements now, or which may be, applicable to the construction of improvements on the operations and uses of the premises.

A. Construction Phasing

1. All plans completed and submitted to Landlord and governmental offices for approval within 1 year of the effective date of the lease.

2. All permits obtained for construction within 120 days next following.
3. All construction completed within two years of the effective date of the lease.

B. Failure to Use Property. Failure by Tenant to satisfy the requirements as set forth above may result in default of this Agreement and Landlord may, at its discretion, disallow the use of any, or all, of the premises.

C. Certificate of Completion. Upon completion of the improvements, Tenant shall submit to the Landlord a copy of its acceptance letter certifying completion and a certified copy of any certificate or permit which may be required by any Federal, State, County, or other local government or agency in connection with the completion or occupancy by Tenant. Tenant shall furnish to Landlord a set of reproducible, final "as built" drawings of any and all improvements not later than ninety (90) days following the completion, occupancy, or initial use of such improvements, whichever comes first.

2. **TITLE TO IMPROVEMENTS AND FIXTURES.** During the term of this lease, all improvements (other than trade fixtures) erected, installed, or constructed by Tenant on the premises shall become part of the land upon which they are erected, or part of the building to which they are affixed, and title to such improvements, facilities, or alterations shall remain with Tenant. "Trade fixtures" shall remain the property of Tenant and that term shall include, but shall not be limited to, personal property, signs used to identify the Tenant's facilities in and about the premises, and all machinery and equipment installed in, placed on, or used in connection with Tenant's operation.
